

btCollisionAlgorithmCreateFunc

```
graph BT; A[btBox2dBox2dCollisionAlgorithm::CreateFunc] --> B[btCollisionAlgorithmCreateFunc];
```

The diagram illustrates a relationship between two functions. At the bottom, a light gray rectangular box contains the text 'btBox2dBox2dCollisionAlgorithm::CreateFunc'. Two blue arrows originate from the top of this box and point upwards to a white rectangular box at the top, which contains the text 'btCollisionAlgorithmCreateFunc'. This visualizes that the bottom function inherits or overrides the top function.

btBox2dBox2dCollisionAlgorithm
::CreateFunc
