

AAsservDriver

```
graph BT; ADL[AsservDriver_LegoAngle] --> AD[AAsservDriver];
```

The diagram illustrates a class hierarchy. At the bottom is a gray-shaded box labeled 'AsservDriver\_LegoAngle'. A vertical blue arrow points upwards from this box to a white box labeled 'AAsservDriver' at the top. This indicates that 'AsservDriver\_LegoAngle' inherits from 'AAsservDriver'.

AsservDriver\_LegoAngle
