

flatbuffers::Table

```
graph BT; A[flatbuffers::ScaleFrame] --> B[flatbuffers::Table];
```

The diagram illustrates an inheritance relationship between two FlatBuffers classes. At the bottom is a gray rectangular box labeled 'flatbuffers::ScaleFrame'. At the top is a white rectangular box labeled 'flatbuffers::Table'. Two red arrows originate from the top edge of the 'flatbuffers::ScaleFrame' box and point upwards to the bottom edge of the 'flatbuffers::Table' box, indicating that 'flatbuffers::ScaleFrame' inherits from 'flatbuffers::Table'.

flatbuffers::ScaleFrame
