

```
google::protobuf::internal  
::integral_constant< bool,  
(has_trivial_copy< T >::value  
&&has_trivial_copy< U >::value)>
```

```
google::protobuf::internal  
::has_trivial_copy< std  
::pair< T, U > >
```

The diagram consists of two rectangular boxes. The box on the left is white with a black border and contains C++ code. The box on the right is light gray with a black border and also contains C++ code. Two blue arrows point from the right box to the left box, one from the top line of the right box to the top line of the left box, and another from the bottom line of the right box to the bottom line of the left box.
