

true\_

google::protobuf::internal  
::type\_equals\_< A, A >

The diagram illustrates a function call. A grey rectangular box at the bottom contains the text 'google::protobuf::internal' on the first line and '::type\_equals\_< A, A >' on the second line. Two blue arrows originate from the top edge of this box, pointing upwards towards a white rectangular box at the top. The white box contains the text 'true\_'. The arrows are positioned symmetrically, one on the left and one on the right, indicating that the function call returns the value 'true\_'.
