

FunctionalTest

```
graph BT; O_TiretteTest --> FunctionalTest
```

A UML class diagram illustrating inheritance. The class 'FunctionalTest' is at the top, and 'O_TiretteTest' is at the bottom. A solid blue arrow points from 'O_TiretteTest' to 'FunctionalTest', indicating that 'O_TiretteTest' inherits from 'FunctionalTest'. Both classes are represented by rectangular boxes with black borders. The 'FunctionalTest' box is white, while the 'O_TiretteTest' box is light gray.

O_TiretteTest
