

tinyxml2::XMLNode

```
graph BT; A[\"tinyxml2::XMLComment\"] --> B[\"tinyxml2::XMLNode\"]; A --> B;
```

The diagram illustrates an inheritance relationship between two classes in the tinyxml2 library. At the top is a white rectangular box with a black border containing the text 'tinyxml2::XMLNode'. At the bottom is a gray rectangular box with a black border containing the text 'tinyxml2::XMLComment'. Two blue arrows originate from the top edge of the gray box and point upwards to the bottom edge of the white box, indicating that 'XMLComment' inherits from 'XMLNode'.

tinyxml2::XMLComment
