

ActionInterval

```
graph BT; A[cocosbuilder::CCBRotateTo] --> B[ActionInterval];
```

The diagram illustrates a class inheritance relationship. At the bottom, a grey rectangular box contains the text 'cocosbuilder::CCBRotateTo'. Two blue arrows originate from the top edge of this box and point upwards towards a white rectangular box at the top. The top box contains the text 'ActionInterval'. This visualizes that 'cocosbuilder::CCBRotateTo' inherits from 'ActionInterval'.

cocosbuilder::CCBRotateTo
