

cocos2d::experimental
::ICallerThreadUtils

```
graph BT; CallerThreadUtils --> cocos2d[cocos2d::experimental::ICallerThreadUtils];
```

The diagram illustrates an inheritance relationship. At the bottom is a white box labeled 'CallerThreadUtils'. At the top is a gray box labeled 'cocos2d::experimental::ICallerThreadUtils'. Two blue arrows originate from the top of the 'CallerThreadUtils' box and point upwards to the bottom of the 'cocos2d::experimental::ICallerThreadUtils' box, indicating that 'CallerThreadUtils' inherits from or implements the interface 'ICallerThreadUtils'.

CallerThreadUtils
