

true_type

```
graph BT; A["google::protobuf::internal::is_floating_point<double>"] --> B["true_type"];
```

A diagram illustrating a relationship between two types. At the bottom, a gray rectangular box contains the text `google::protobuf::internal::is_floating_point<double>`. Two blue arrows originate from the top of this box and point upwards to a white rectangular box at the top, which contains the text `true_type`. The arrows are positioned side-by-side, indicating a relationship or inheritance from the bottom type to the top type.

google::protobuf::internal
::is_floating_point< double >
