

cocos2d::experimental
::AudioResampler

```
graph BT; A[cocos2d::experimental::AudioResamplerOrder1] --> B[cocos2d::experimental::AudioResampler];
```

The diagram illustrates an inheritance relationship between two classes. At the bottom is a gray box containing the text 'cocos2d::experimental::AudioResamplerOrder1'. At the top is a white box containing the text 'cocos2d::experimental::AudioResampler'. Two blue arrows point upwards from the top box to the bottom box, indicating that 'AudioResamplerOrder1' inherits from 'AudioResampler'.
