

FunctionalTest

```
graph BT; A_TiretteTest --> FunctionalTest
```

A UML class diagram illustrating inheritance. The class 'A\_TiretteTest' is shown as a gray-shaded box at the bottom, and the class 'FunctionalTest' is shown as a white box at the top. A solid blue arrow points from the bottom of 'A\_TiretteTest' to the bottom of 'FunctionalTest', indicating that 'A\_TiretteTest' inherits from 'FunctionalTest'.
