

btCollisionAlgorithm

```
graph BT; A[btConvexPlaneCollisionAlgorithm] --> B[btCollisionAlgorithm];
```

The diagram illustrates a class hierarchy. At the bottom is a gray rectangular box labeled 'btConvexPlaneCollisionAlgorithm'. Two blue arrows originate from the top of this box and point upwards to a white rectangular box labeled 'btCollisionAlgorithm' positioned above it. This indicates that 'btConvexPlaneCollisionAlgorithm' inherits from or implements 'btCollisionAlgorithm'.
