

flatbuffers::Table

```
graph BT; A[flatbuffers::PageViewOptions] --> B[flatbuffers::Table];
```

The diagram illustrates a class hierarchy. At the bottom is a gray rectangular box containing the text 'flatbuffers::PageViewOptions'. From the top center of this box, two red arrows curve upwards and outwards, then curve back inwards to point at the bottom edge of a white rectangular box above it. This white box contains the text 'flatbuffers::Table'. This visualizes that 'flatbuffers::PageViewOptions' inherits from 'flatbuffers::Table'.

flatbuffers::PageViewOptions
