

btSoftBodySolverOutput

```
graph BT; A[btSoftBodySolverOutputCLtoGL] --> B[btSoftBodySolverOutput];
```

The diagram illustrates an inheritance relationship between two classes. At the bottom is a gray-shaded box labeled 'btSoftBodySolverOutputCLtoGL'. Two blue arrows point upwards from this box to a white box at the top labeled 'btSoftBodySolverOutput', indicating that 'btSoftBodySolverOutputCLtoGL' inherits from 'btSoftBodySolverOutput'.
